Dear Parents,

Thank you for your interest in Millhopper Montessori School (MMS). MMS is accredited by the Florida Council of Independent Schools and affiliated with the American Montessori Society. The school was founded in 1977 by Christina Miller, who is President/Head of School, Curriculum Director and one of the teachers on the fourth and fifth grade team. MMS enjoys a spacious facility for its extensive developmentally appropriate private educational program, serving children ages two through eighth grade. True to its Montessori heritage, our staff fosters creative thinking and problem-solving through the use of manipulatives and other educational tools. Standing true to our school’s motto, “The Millhopper Way”, we have created a diversified curriculum embracing 21st century learning skills. We provide our students with opportunities to explore real-world concepts and issues, challenge assumptions, think critically, and acquire skills that they will need to apply throughout their educational and future professional journeys. Our 8th grade graduates are accepted into advance academic programs throughout the county such as, the International Baccalaureate Program, the Cambridge Program, and various Magnet Programs at local high schools.

Our low student-teacher ratio, one-to-one and small group instruction, and complete Montessori curriculum enables children to have a more self-paced, individualized program. Intrinsic and individualized learning are at the core of the Montessori method, which strives to develop self-discipline and self-confidence. We all know academics are important, but only focusing on them is like watering one leaf of a plant. This means that we provide opportunities to support our students' social, emotional, and physical needs along with a rigorous academic program. One highly visible example of how we achieve this is through our co-curricular program which provides students with opportunities to engage in a wide array of after-school classes that extend learning from the core subjects and emphasis on STEAM.

Our Montessori leads are highly credentialed and undergo special training in the use, purpose, and sequence of the Montessori developmental philosophy, how to prepare a state-of-the-art learning environment, and a strong emphasis on objective, scientific observation. We believe learning should continue throughout your whole life, and employees are constantly encouraged to pursue new growth opportunities. Teachers that find joy in the pursuit of their own professional growth translates into the kind of passion that inspires students to reach for new heights.

Should you have any questions, please do not hesitate to contact us.

2019-2020 STUDENT ENROLLMENT AND TUITION CONTRACT

The parties to this Student Enrollment and Tuition Contract (“Agreement”), Millhopper Montessori School, LLC., (“school”), and ________________________________________________ (parent(s)/guardian(s) name), on behalf of ________________________________ (student’s name), hereby agree that the school will enroll the above-stated student at the school for the 2019-2020 academic school year, under the following terms and conditions:

1. **Enrollment and Enrollment Fee**
   The student is enrolled for the stated school year effective as of the signing of this Agreement, and Parent will pay the school a one-time, non-refundable enrollment fee of $ ______________, at that time. Any discounts to this fee applicable for parents with more than one child enrolled at the school have been applied.

2. **Tuition**
   Parent will pay the school tuition, in addition to the enrollment fee and supply fee, for the stated academic school year in the amount of $_______________________.

   Such amount will be paid:

   A. In full on August 1 of the school year above, _____________ (initial), or
   B. In two payments of $____________ each, on August 1 and January 1 of the above-stated academic school year, _____________(initial), or
   C. In ten (10) monthly payments of $____________ each, starting on the 1st day of August of the above-stated school year, and on the 1st day of each month thereafter through the 1st day of the following May. _______________(initial).

   The tuition specified above does not include extra programs at the school, such as the school’s Morning Program, the After School Program, or any other extra-curricular programs. Students who qualify for such programs may participate in such programs, on a space available basis, for payment of the required fees for such, as will be agreed and paid separately from the obligations of parent under this Agreement. The inability of a student, for any reason, to participate in any such programs will not be a basis for parent to avoid parent’s obligations of this Agreement. Tuition payments must be current for students to apply for entry into an after school studio.

4. **Late, Past Due, and Dishonored Payments**
   A. Parent will pay the school a late fee of $35 for any payment received by the school after the 7th day of the month in which it is due. Parent will pay the school’s interest on any payment that is more than thirty (30) days late at the rate of 12% per annum. The school may refuse to accept any payment that is not paid in full, including due late fees and interest, but may allow partial payments and, if so, allowing partial payments will not waive the school’s right to demand full and timely payments for future payments that may become due.
B. Should any payment be more than thirty (30) days late, the above-named student will not be permitted to return to the school, effective immediately and without further notice, until and unless all past-due payments are made or an agreeable payment plan is put in place. This provision notwithstanding, parent understands that once any student is removed from the school, the school will actively seek to fill that student’s spot with a new student and, if a new student takes the spot of a student withdrawn due to non-payment of due tuition, the school may be unable to re-enroll the student for the current school year even if past due payments are made. A student who is withdrawn from the school for non-payment of due payments is involuntarily withdrawn for purposes of Paragraph 7 A.

C. The student will not be permitted to re-enroll at the school for any future academic school year until and unless all past financial obligations to the school have been paid in full and satisfied.

D. The student will not be allowed to participate in any after school studio or program if any tuition payment is past due.

E. The school will not release to the parent or any third-party the academic performance or other records of the school for any student for whom the school is owed any past-due monies for tuition or other fees or financial obligations of any kind.

F. Any checks returned to the school which are dishonored for any reason, or any credit card charges which are declined, or charged-back to the school, will result in a fee to the parent of $35.00 which is due on demand, along with the amount of the dishonored check or declined or charged-back credit card charge.

5. **Parent and Students to Abide by School Policies and Procedures**

Parent agrees that at all times parent and the above-stated student will understand and abide by the school’s policies and procedures as set forth in the Millhopper Montessori School Parent Handbook, which is located on the school’s website at Millhopper.com, or which are otherwise communicated to parent through various means. Parent agrees and understands that these policies and procedures are subject to change at any time by the school without notice to or consultation with parent, and parent agrees to stay informed of such policies and procedures by reading the school’s emails, newsletters, classroom letters and other information provided to, or available to, parent by various means. If a parent, or student, fails to follow such policies and procedures, and such failure persists after warning from the school, the student may be involuntarily withdrawn from the school. A student who is so withdrawn from the school is involuntarily withdrawn for purposes of Paragraph 7 A. Examples of policies include but are not limited to cell phone policy, student dress code and behavior.

6. **Additional Fees and Expenses**

From time to time during the academic school year, parents will be required to pay to purchase items in support of their student’s education or educational experience, or to pay fees for activities, events or other services or items in support of the student or the school on behalf of students, the amounts of which will vary from class to class. Parent understands that such fees are mandatory and agrees to pay them promptly as required. The failure of parent to pay such fees and expenses as required from time to time may, at the discretion of the school, cause the school to involuntarily withdraw the student from the school. A student who is so withdrawn from the school is involuntarily withdrawn for purposes of Paragraph 7 A.
7. **Early Withdrawal of Student**
   
   A. To compensate the school for the loss of opportunity associated with losing a student, as well as the disruption to the operations and possible reputation of the school associated with the early withdrawal of a student, a parent who withdrawing the above-stated student from the school before the end of the above-stated academic school year, for any reason, will pay the school future unearned tuition in an amount equal to the school's pro-rated tuition fee charged for the three (3) months tuition subsequent to the child's withdrawal. Likewise, parent will pay the school an amount equal to the school's pro-rated tuition fee charged for the three (3) months tuition subsequent to the child's withdrawal for any student who is involuntarily withdrawn from the school.

   B. The above notwithstanding, a student may be withdrawn, without payment of any future unearned tuition after withdrawal, if (a) the student dies or becomes permanently disabled (as defined by law), or (b) in the school's discretion, and based only upon its own observation, the school decides that the child's placement at the school is not suitable for the child as a learner, and/or that the child’s behavior, attitude or progress does not meet the school’s requirements, in which case withdrawal will be permitted by the school. Such withdrawal may also be initiated and required by the school, regardless of any protest by parent, and without prior notice to parent.

   C. Parent agrees and understands that the school has no obligation to waive or limit or reduce early withdrawal costs except as provided above. The fact that the school waives or limits or reduces such costs for any parent in any situation for any reason will not give rise by parent to any right to waive or limit or reduce such costs in connection with parent’s early withdrawal of the above stated student.

8. **Kindergarten to First Grade Readiness Rubric**

   Parents of students who are seeking to be promoted from kindergarten to first grade at the school must read and understand the school’s Kindergarten to MMS first grade Readiness Rubric as set forth in the Parent Handbook. No student will be promoted to MMS first grade unless all of the following seven (7) requirements are met, and the failure of the student for any reason to meet these requirements will not be the responsibility of the school, or grounds for any refund or other concession by the school:

   1. Teacher recommendation. The student’s teacher must report that the Montessori learning environment is appropriate for the student, based upon prerequisites set at the discretion of the school, and that the student demonstrates appropriate behavior, which includes review of student reports.

   2. All financial obligations to the school regarding the student must be current.

   3. The student must demonstrate age-appropriate maturity.

   4. The student must demonstrate the ability to be an independent worker.

   5. The student must demonstrate continued academic progress, including the ability to follow directions.
6. The student’s seniority (years of attendance at the school) will be considered.

7. The parent must follow the school’s Parent Handbook guidelines and be supportive of the school and the Montessori method of teaching. This may include, at the school’s request, outside professional testing with the results shared with the school, if recommended by the student’s teacher.

9. **No Guarantee of Subsequent Year Enrollment**
The school endeavors to make certain that space is available for students at the school to be enrolled at the school for the next following academic school year in the next higher grade. While this is almost always the case, parent agrees and understands that the school cannot, and does not, guarantee that there will be space for any student in the future upcoming academic school year in the next higher grade (or to repeat a grade), until such time as the parent has enrolled the student in such upcoming school year and entered into a written contract with the school to so enroll the student. The failure of the school to accommodate any student for any grade or period of time beyond the time and academic school year set forth in this agreement will not be cause for parent to have any claim against the school, or to seek a refund or any concession whatsoever.

10. **School has Final Authority as to Student Placement and Classroom Composition**
The school will consider the boy/girl ratio and age balances within the class in which the student is placed when placing the student. The school will also consider a parent’s request that the student be placed in a particular class, and the school will endeavor to keep the student with the same teacher for all years that the class is designated, if to do so is in the best interests of the student and the class, as determined by the school. However, the above notwithstanding, the school will make all final determinations into which class the student will be placed, and will have the right to place the student in any class, or move the student to any class at any time, the school determines best meets the developmental needs of the student.

11. **Venue for Disputes; Governing Law**
All and any disputes of every kind or nature to any extent related to this agreement or its making shall be brought and at all times maintained in the Florida State courts lying and situate in Alachua County, Florida, and no other venue, state or federal, will be proper. This agreement will be governed only by the laws of Florida.

12. **Severability**
Should a court of competent jurisdiction rule one or more of the provisions (or part thereof) of this agreement invalid or unenforceable, the remaining provisions (or part of the provision) will remain in full force and effect.

13. **All Modifications Must Be in Writing**
This agreement will not be altered, modified or amended unless such is done in writing and is signed by the parties.

14. **Electronic or Copy Signature for School Valid and Enforceable**
The parties agree that a proper representative for the school may sign this agreement electronically or with a photocopy signature and, in such case, such signature is fully effective to bind the parties to this agreement and is equivalent in all respects to an actual signature for purposes of effect and enforcement of this agreement.
15. **Attorney’s and Other Collection Fees and Costs**

If either party is required at any time to pursue legal or collection proceedings to enforce that party’s rights under this agreement, the prevailing party will recover from the other the prevailing party’s reasonable attorney’s fees, collection costs, and court costs incurred.

16. **Copies Valid as an Original**

A copy of this fully-executed agreement will be valid as if it were the original.

WE, THE PARTIES TO THIS AGREEMENT, hereby represent that we have read each and every term and paragraph hereof, have understood each and every term and promise made, and agree that we fully and freely intend that our signatures below bind us to this agreement and all terms thereof. MMS operates on tuition alone and expects this contract to be upheld.
